

Sacred Conversations on Immigration

Is your church interested in learning more about immigration? Does your congregation understand the difference between refugees and asylum seekers? Do they want more information on the sanctuary process? Invite the Immigration and Refugee Task Team to partner with you in planning an educational experience to begin to explore and answer your congregation's questions.

Possible ways to spark conversation:

- **Planning a special service**
- **Hosting a book or other small group discussion**
- **Sharing an interactive experience of immigration process**
- **Sponsor a showing of a movie**
- **Receive talking points for a sermon**
- **Invite a guest to speak**
